

# Forever Veteran Stories and the Military Family

Forever Enterprises appreciates the sacrifice made by the families of our service men and women and are grateful to those who serve our country. Forever frequently celebrates the life of fallen heroes at events throughout the year, most recently honoring the sacrifice of a Gold Star Mom and the soldiers who gave their life for our country in the War on Terror.

Annually, members of local VFWs, American Legions and area Boy Scouts troops help Forever Cemeteries honor and remember these individuals on Memorial Day and Veterans Day. Recently several living WWII, Korean, and Vietnam veterans were honored for sharing their service stories at an event held at Forever Oak Hill Cemetery. But every day of every year, each Forever location strives to honor and preserve the legacy of our fallen soldiers. Their stories live on through Veteran Stories on [www.forevernetwork.com](http://www.forevernetwork.com).

## ST. LOUIS POST-DISPATCH

Interactive, digital biography pays tribute to former Vietnam "Unknown"

"This tribute brings my brother back to life in a way a headstone never could."

- George Blassie

*The families of active service men and women are facing a tremendous hardship. Not only are their loved ones deployed in Iraq or Afghanistan but they also have to adjust their lifestyle, and budgets for a new financial hardship. The citizens of Missouri are asked to support the families of our troops through their thoughts, prayers, and if able, donations. Forever Enterprises is one company attracting attention through a campaign to raise funds and supplies for the families of our service men and women, and giving a morale booster by providing the deployed troops an opportunity to see their loved ones from home, thanks to the video message hosting on their website [www.forevernetwork.com](http://www.forevernetwork.com).*

*Missouri House Speaker, Retired Marine Representative Rod Jetton*
